Copper & Black

Occasionwear by FatFace

Inspired by intricacies found in old books and metallic embossed lettering and trims, our autumn/ winter Copper and Black collection opens a new chapter for occasionwear. Folds and pleats emulate the quiet turning of a page while punchy colours with aged-like levels imitate floor to ceiling shelves full of stories.

A rich palette consisting of deep wines, monochrome, midnight navy and chocolate browns lay the foundations for chic, easy to style pieces that can be worn separately or together. From autumnal weddings to events that take you into the dark and starry nights, FatFace's Copper & Black collection speaks volumes.
