

Summer 2026

**FATFACE**

Inspired by the coastlines of Southern France, 'Call to the Sea' captures the carefree spirit of the shoreline, bringing a light-hearted, playful and joyous energy into the summer wardrobe. Featuring hand-drawn artwork, sun motifs and swirly mark making, and a palette that mirrors the ever-changing beauty of the sea. Seen through jelly mint, chalky whites and pops of coral.

Our Marine Conservation Society range sits here, encapsulating protected sea species in its motifs. Creating a purposeful narrative that blends style with awareness.
