DESCRIPTION

Enjoy the high octane buzz of rally driving with this thrilling Rally Rush taster driving experience. Whether you're a seasoned petrol head or just want to try a driving experience that is different, you'll enjoy the exciting rush of throwing a speeding rally car around the track. You can forget all the rules you have learnt about driving on the road and really let rip with as much speed as you dare.

During your experience you will either enjoy two sessions in a rally car, lasting approximately 8 to 10 minutes each or one long session of 16 to 20 minutes. Depending on the location, this is followed by a white-knuckle high-speed passenger ride from your instructor to show you how the professionals race rally cars! The person driving the car will be required to sign a disclaimer accepting liability in the event of damage to the vehicle. The driver will be given an option to purchase damage waiver cover when booking to minimise their financial exposure should there be an accident. Drivers are under no obligation to purchase this optional waiver. Full details are available at the time of booking.

*Please note, there will be a £10 supplement fee for any bookings within premium times at the Staffordshire location.
