### DESCRIPTION

An enjoyable escape to the coast for two! Whilst modern life has left its mark on many of the UK's most popular short break destinations, there is something about a trip to the seaside that retains a charm which harks back to traditional holidays from simpler times.

Whether you have fond memories of donkey rides across the sand and knobbly knee competitions or you just enjoy the bracing effects of the sea air and a chance to paddle, this break is ideal for anyone who likes to be beside the seaside. There is nothing quite like a stroll along the beach with the tide lapping at your feet and the sound of seagulls overhead. You can walk along the pier and try your hand at the variety of amusements on offer, sit on the beach and enjoy the sound of the surf crashing on the shore or even test your mettle with some water sports if you're really feeling adventurous.

You will be able to choose from a selection of seaside B&Bs in coastal locations throughout the UK, details of which will be provided in your booking instructions.
