DESCRIPTION

Nothing quite compares to the serenity of ballooning. Gaze down over the fields, hedgerows and villages, dappled in a tranquil early morning light. Bask in the magical silence as you float high above the ground and then drop low enough to skim the hedgerows and treetops. It's a perfect way to take fabulous pictures - and a treat to remember for many years. This hot air ballooning gift is an ideal present for a special occasion - wedding or anniversary flights are becoming increasingly popular as a romantic gift.

After helping to inflate the balloon, you'll take off for an hour's flight and see the world below sliding slowly by. Enjoy a traditional champagne toast, and receive a flight certificate signed by your pilot and Sir Richard Branson.

Please note, locations are subject to change.
