

Tandem Cycle Experience for Two

KEY INFORMATION

Your experience will last between 4 hours and a full day, depending on location.

This experience is for two people.

Unfortunately, this experience is not suitable for spectators.

You must be reasonably fit and able to ride the tandem. Please wear comfortable cycling clothing.

There are no qualification requirements. You will need to provide photo ID on the day.

Under 18 year olds must be accompanied by an adult.

This experience is available on selected weekday and weekend dates, excluding Christmas Day and bank holiday weekends.

LOCATIONS

Hertfordshire, Broxbourne; West Sussex, Billingshurst;

DESCRIPTION

A picturesque tandem cycle for two.

Enjoy a unique cycling experience in the great outdoors along picturesque routes.

Riding a normal, single-rider bicycle is a very rewarding experience, but a tandem bicycle adds a whole new aspect. Compared to a conventional bicycle, a tandem has double the pedalling power and has about the same wind resistance as a conventional bicycle.

Whether you choose to take the lead, pedal at the front and be the 'captain' or are happy to be the 'navigator' and just follow along, tandem cycling is a truly rewarding experience and will be a day to remember.

When you arrive you will be provided with helmets, a bicycle lock, a repair kit and a route guide to get you ready for your tandem cycle. The types of route available vary depending on your chosen location, and can include parks and countryside tracks. Please check on booking.

At some locations a fully refundable deposit is required on booking. There may also be a waiver to sign.
