### DESCRIPTION

Have you got what it takes to enter a world of covert operations?!

A fantastic fun packed event to test the ultimate 'spook' within you. Your experience will include pistol draw techniques, the pistol is the Secret Agent's weapon of choice, and next your instructors will train how to get in close and deadly with unarmed combat, just in case you run out of ammunition.

Moving on to the silent weapons section, use the high powered crossbows on the 20m range, then test your expertise at axe throwing, finally use the precision of shooting through the telescopic sights of the 0.22 calibre sniper rifles.

The training event is broken down into 3 training phases:

- Unarmed Combat - Learn locks, blocks and take downs from the ex-military instructors.
- Sniper & Pistol Draw - You will be using 0.22 air rifles fitted with telescopic sights to test your shooting accuracy at long range and then pistol handling training, learning quick draw techniques and see who's the fast gun.
- Crossbows & Axe Throwing - Take aim in the silent weapon zone using high powered crossbows, then it's onto axe throwing! Get the accuracy of your throw to hit the target?

Please note: No live ammunition or weapons are used in the activities to comply with current Legal and Health & Safety legislation. Weapons used are a combination of air rifles, and replica guns.
