

BEFORE YOU GET STARTED...

We're confident you'll love your gorgeous new Next furniture. However, it's worth making absolutely certain before you put it all together.

So, let's quickly run through these three steps:

1. COLOUR

Make sure you're happy with the colour
No need to unpack everything, just check the first component.

2. PROTECTIVE PACKAGING

If you're happy, then it's time to get opening! Start by laying everything out on the protective packaging – this will prevent anything getting scratched.

3. PARTS PAGE

Finally, double check you have all the pieces by referencing the parts page of the instructions.

TIPS FOR RETURNS

Not completely happy with the product? No problem. We just need everything back in the original packaging, so follow the steps below and this will ensure a super-smooth returns process and no delay to your refund.

DO

- Check everything is there (the 'parts page' is a handy checklist).
- Pop all the loose fittings and fixtures into the packaging provided or tie them up in a plastic bag.
- Wrap all the big components back up in the original protective packaging.
- Close up the box and seal it securely (don't be afraid to use plenty of tape).

DON'T

- Leave anything assembled - all components should be dismantled and separately packed.
- Put loose fixtures and fittings straight into the box.
- Throw it back in the box carelessly – as it may get damaged.

BEFORE YOU START**Warnings**

These instructions are for general reference only and therefore the images may not match your product.

We suggest you retain these instructions for future reference. Keep fittings out of children's reach and keep children well away from construction area.

This product should only be used on firm level ground. Please periodically check all fittings and re-tighten as necessary.

Please do not jump or stand on your bed.

Avoid exposing the furniture to excessive heat or direct sunlight as this can cause damage to the materials and

Do's

We suggest you spend a short time reading through this leaflet before you start.

When you are ready to start, make sure that you have the right tools and plenty of space.

Due to the size of the product, we recommend that it is assembled in the room intended for use.

Unwrap all packaging materials and place the components on a clear surface to protect them from damage.

We recommend that the packaging is used to protect the surfaces during assembly.

Carefully check that you have all the parts before beginning assembly.

Ensure the product is fully assembled as illustrated with all fixings fully tightened before use. Check fixings regularly to ensure they remain tight.

Don'ts

When moving your upholstered bed, it is best to lift the bed and never drag it.

Never allow any kind of liquid to remain on your furniture.

Absorption can cause materials to warp or finishes to de-laminate.

Number of people required to assemble

Two persons are required to assemble this item.

Parts and Fittings

Part	Description	Image (not to scale)
A	6x Mounting Brackets	
B	2x Central support beams	
C	5x dome head bolts	
D	4x Flat head allen key bolts	
E	9x nuts	
F	4x washers	

Please check that you have the correct parts before you begin assembling the bed.

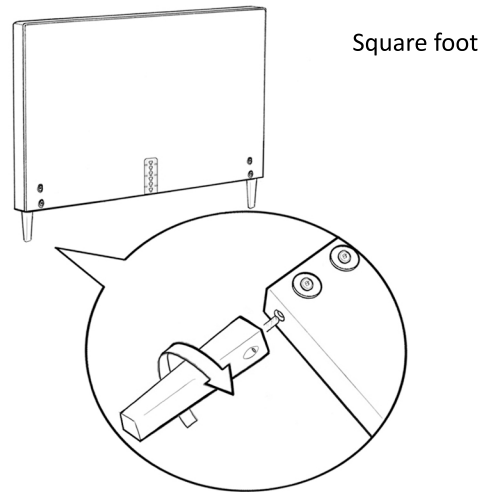

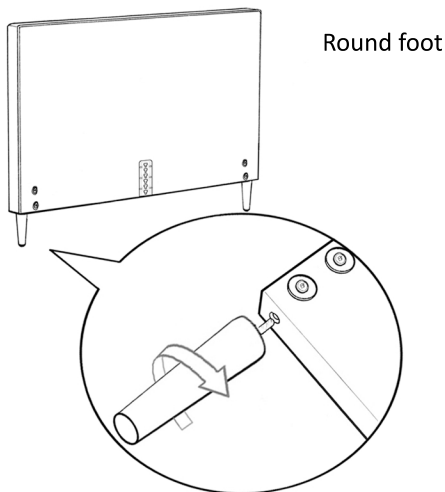

1

Place the 2 slatted base frames together (slatted side down) on the floor. Put the two flat support bars (B) on each side. Slot bolt (C) starting with the bar that has square holes. Use nut (E) and tighten up using the spanner provided. Once you have completed this place to one side.

2

Remove the plastic transit glides from the underside of the headboard and footboard. Lay the headboard and footboard flat on the ground. Carefully screw in each foot into the holes on the underside (previously taken by transit glides). Screw the feet in as tight as possible. Please take note of which shape foot your bed has. A square foot will have screw holes to secure the foot into position. Ensure the screw hole points are parallel to the headboard/footboard, facing inside the bed, not outside.

3

Stand headboard carefully against the wall in the position the bed will be in. Slot the side rail on to the bolts on the headboard. Using the allen key provided. Repeat for both sides. Carefully position the footboard and slide each side rail onto the bolts on the inside of the footboard. Use the allen key provided to tighten bolts on headboard and footboard to maximum tension.

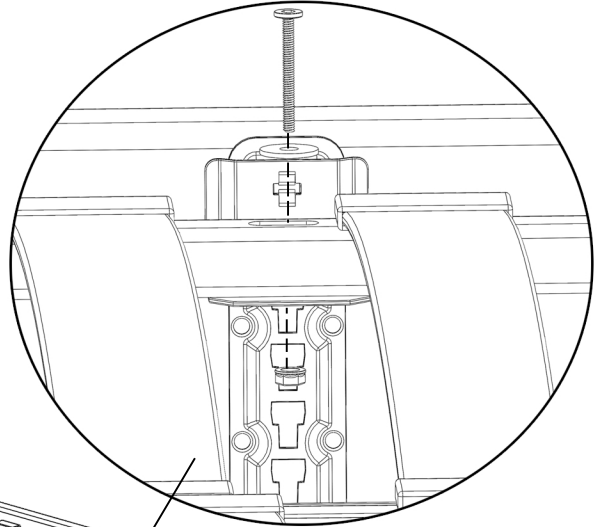

4

Slot in the frame position brackets (A) into the ladder brackets on the headboard, side rails and footboard. These must all be set at the same height around the bed. These can be positioned higher or lower, depending on personal preference.

5

Place the slatted base frame onto the brackets and secure with bolt (D), washer (F) and nut (E) as shown. Repeat for all 4 brackets on the side rails. The brackets on the headboard and footboard do not need bolting

Your bed is now fully assembled.

Do not use without a mattress.

Please periodically check the fixings on your bed and re-tighten if necessary.
