## BEFORE YOU START

### Number of people required to assemble

Two people are required to assemble this item

### Time to assemble

15min

### Tools required

not supplied

### Do's

We suggest you spend a short time reading through this leaflet before you start

When you are ready to start, make sure that you have the right tools and plenty of space

Unwrap all packaging materials and place the components on a clean surface to protect it from damage, we recommend that the packaging is used to protect the surfaces during assembly

Carefully check that you have all the parts before beginning assembly

Due to the size of the product we recommend that it is assembled in the room intended for use

Ensure the product is fully assembled as illustrated and all fixings fully tightened before use

Wipe occasionally with a soft cloth slightly dampened with water. Then buff with a dry clean soft cloth

Wood will mellow and change colour over time, we recommend that ornaments and items placed on the surface are moved regularly for the first few months to prevent uneven mellowing

### Don'ts

Do not drag or pull your furniture

Do not rub or scrub the surface when cleaning

Do not use silicone based furniture polish. Silicone in furniture polishes can break down the finish

Never allow any kind of liquid to remain on your furniture. Absorption can cause wood to warp or finishes to de-laminate

Do not place hot items (e.g. hot drinks) directly on to the wood surface. Please make sure you use a placemat or coaster
