If you're happy, then it's time to get opening! Start by laying everything out on the protective packaging – this will prevent anything getting scratched.

3. PARTS PAGE

Finally, double check you have all the pieces by referencing the parts page of the instructions.

Not completely happy with the product? No problem.
We just need everything back in the original packaging, so follow the steps below and this will ensure a super-smooth returns process and no delay to your refund.

CAUTION: Flip beds use strong gas pistons to aid you in lifting the mattress to access your storage. Do not attempt to operate the mechanism without a mattress in place. This could cause damage to the frame or potential injury when opening or closing. Use the strap or handle provided to operate and keep hands and objects away from any of the moving components.

Minimum and maximum weight restrictions are highlighted below. Ensure your mattress meets this specification. Do not overload the bed frame as this will damage the mechanism.
