## BEFORE YOU START

### Warnings

We suggest you retain these instructions for future reference. Keep fittings out of children's reach and keep children well away from the construction area. This product should only be used on firm, level ground. Please periodically check all fittings and re-tighten as necessary. Please do not jump or stand on your furniture. Avoid exposing the furniture to excessive heat or direct sunlight as this can cause deterioration of the colour. Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to protect it from damage.

### Do's

We suggest you spend a short time reading through this leaflet before you start. When you are ready to start, make sure that you have the right tools and plenty of space. Unwrap all packaging materials and place the components on a clean surface to protect it from damage. We recommend that the packaging is used to protect the surfaces during assembly. Carefully check that you have all the parts before beginning assembly. Due to the size of the product we recommend that it is assembled in the room intended for use. Ensure the product is fully assembled as illustrated and all fixings are fully tightened before use. Lift your bed when moving it, never drag it. Please check that the center support rail is securely fixed in place. When adjusting the support legs ensure that the foot is set 5-10 mm from the floor surface without the mattress in place. When in use the legs will create the required support for the product. To clean your item, please use a vacuum or lightly brush clean.

### Don'ts

Do not drag or pull your furniture. Never allow any kind of liquid to remain on your furniture. Absorption can cause materials to warp or finishes to de-laminate.
