No need to unpack everything, just check the first component.

2. PROTECTIVE PACKAGING

If you're happy, then it's time to get opening! Start by laying everything out on the protective packaging – this will prevent anything getting scratched.

3. PARTS PAGE

Finally, double check you have all the pieces by referencing the parts page of the instructions.

- Pop all the loose fittings and fixtures into the packaging provided or tie them up in a plastic bag.
- Wrap all the big components back up in the original protective packaging.

PRODUCT INFORMATION

These products have been made from solid mango wood in India.

The natural features ensure that each piece is individual. Every effort is made to ensure colour continuity between pieces, however this is a natural hand finished product therefore colour variations and natural grain markings will occur.

Due to the natural characteristics of mango wood, colour and grain variations will be unique to each pieces of furniture. There will be noticeable colour change as the wood mellows.

We recommend that ornaments and items placed on the surface are moved regularly to prevent uneven colour changes.

CARE INSTRUCTION

- For general cleaning, periodically dust with a soft cloth.
- Do not rub or scrub the surface when cleaning.
- Always use a non-silicone based furniture polish as silicone in furniture polishes can break down the lacquer finish.
- Do not use abrasive cleaning products or those containing silicone.
- Any spills should be removed immediately with a soft clean damp cloth and dried immediately.
- Ensure the product is protected with mats and coasters when items are placed on the surfaces, to prevent scratching or damage.
- Do not put hot dishes directly onto the surface of the item.
- Avoid keeping furniture in direct sunlight or close to any heat sources as this can cause cracking, discolouration or warping.
- Never drag pieces of furniture across the floor as this will cause damage to the joints.
- All assembly fixings should always be tightened properly.
- All fixings should be checked periodically and tightened if necessary.
