### Do's

We suggest you spend a short time reading through this leaflet before you start

Unwrap all packaging materials and place the components on a clean surface to protect them from damage, we recommend that the packaging is used to protect the surfaces during assembly

Carefully check that you have all the parts before beginning assembly

Due to the size of the product we recommend that it is assembled in the room intended for use

Ensure the product is fully assembled as illustrated and all fixings fully tightened before use

Wipe occasionally with a soft cloth slightly dampened with water. Then buff with a dry clean soft cloth

Wood will mellow and change colour over time, we recommend that ornaments and items placed on the surface are moved regularly for the first few months to prevent uneven mellowing
