

BEFORE YOU GET STARTED...

We're confident you'll love your gorgeous new Next furniture. However, it's worth making absolutely certain before you put it all together.

So, let's quickly run through these three steps:

1. COLOUR

Make sure you're happy with the colour
No need to unpack everything, just check the first component.

2. PROTECTIVE PACKAGING

If you're happy, then it's time to get opening! Start by laying everything out on the protective packaging – this will prevent anything getting scratched.

3. PARTS PAGE

Finally, double check you have all the pieces by referencing the parts page of the instructions.

TIPS FOR RETURNS

Not completely happy with the product? No problem.

We just need everything back in the original packaging, so follow the steps below and this will ensure a super-smooth returns process and no delay to your refund.

DO

- Check everything is there (the 'parts page' is a handy checklist)
- Pop all the loose fittings and fixtures into the packaging provided or tie them up in a plastic bag.
- Wrap all the big components back up in the original protective packaging.
- Close up the box and seal it securely (don't be afraid to use plenty of tape).

DON'T

- Leave anything assembled - all components should be dismantled and separately packed.
- Put loose fixtures and fittings straight into the box.
- Throw it back in the box carelessly – as it may get damaged.
