Assembly instructions

BEFORE YOU START

Number of people required to assemble

Two people are required to assemble this item

Time to assemble : 30 minutes

Tools required

Do's

We suggest you spend a short time reading through this leaflet before you start.

When you are ready to start, make sure that you have the right tools and plenty of space.

Unwrap all packaging materials and place the components on a clean surface to protect it from damage, We recommend that the packaging is used to protect the surfaces during assembly.

Carefully check that you have all the parts before beginning assembly.

Due to the size of this product we recommend that it is assembled in the room intended for use.

Ensure the product is fully assembled as illustrated and all fixings fully tightened before use.

Wipe occasionally with a soft cloth slightly dampened with water. Then buff with a dry clean soft cloth.

Wood will mellow and change colour over time, we recommend that ornaments and items placed on the surface are moved regularly for the first few months to prevent uneven mellowing.

Don'ts

Do not drag or pull your furniture.

Do not rub or scrub the surface when cleaning.

Do not use silicone based furniture polish. Silicone in furniture polishes can break down the finish.

Never allow any kind of liquid to remain on your furniture.
Absorption can cause wood to warp or finishes to de-laminate.

Do not place hot items (e.g. hot drinks) directly on to the wood surface. Please make sure you use a placemat or coaster.

We recommend the use of the wall attachment bracket/strap provided for safety reasons.
Secure the strap to the wall with an appropriate screw and wall plug for your wall type (not provided).
To hide the strap behind the unit, drill the hole lower than the top of unit.

Attach the other end of the strap to the underside of the top panel with screw.
Warning: Always ensure intended wall area to be drilled is free from hidden electrical wires, water and gas pipes.
NB: Wall fixings are not included-Please source suitable fixing for your wall type.
If in doubt please consult a qualified trades person.

Please ensure you secure your product to the wall for your and your family's safety before you use it.
