

Decorative White Light Up Tree

Assembly & Care Instructions

IMPORTANT: Please read these instructions carefully before assembly and save for future use.

WARNINGS AND ADVICE

- For indoor use only.
- Place on a hard, flat surface.
- **DO NOT** place near gas or electric heaters, radiators, fireplaces, candles, or other similar sources of heat.
- **DO NOT** use lit candles on the tree.
- If you are adding decorations, make sure the tree is stable. If tree is not stable, distribute the weight of the decorations more evenly.
- **DO NOT** overload extension cords, see ratings on those devices and check the rating label of the tree for compatibility.
- **DO NOT** install near fountains, bathtubs, sinks, or other wet areas.
- Unplug the product when leaving the house, or if left unattended.
- To reduce the risk of overheating and to ensure safe operation, the pre-lit tree should not be used continuously for longer than 90 days. The product is intended for temporary, seasonal display and is not suitable for permanent illumination.

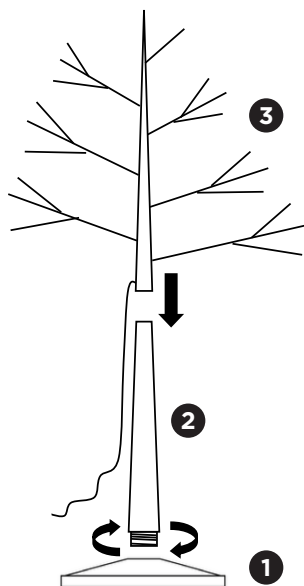

STORAGE

- Unplug cord from the plug socket and remove all ornaments and decorations.
- Remove the top tree section from the bottom tree trunk. Unscrew the bottom tree trunk from the plastic stand.
- Carefully place all parts in a box. **DO NOT** store in a damp area or in an area where the temperature exceeds 40°C (104°F).

ASSEMBLY INSTRUCTIONS

Before you start to assemble your tree, choose a hard, flat surface near a plug socket.

1. Screw the tree trunk of the bottom tree section (2) into the stand (1).
2. Connect the tree trunk of the top tree section (3) to the bottom tree section (2).
3. Plug the power adapter into the plug socket. Your entire tree should now be lit.
4. Shape the branches by working from the bottom of the tree upwards. Gently pull down the branches. Straighten the branches and fan out the tips.
5. After shaping the tree, step back and take an overall look. Shift branches to fill any gaps.
