Elaina Drawer Bed – AB4649

Assembly instructions

BEFORE YOU START

Two people are required to assemble this item

Time to assemble: 90 minutes

Do's

Do spend a short time reading through this leaflet before you start.

When you are ready to start, make sure that you have the right tools and plenty of space.

Due to the size of the product we recommend that it is assembled in the room intended for use.

Unwrap all packaging materials and place the components on a clean surface to protect it from damage.

We recommend that the packaging is used to protect light coloured fabrics and surfaces during assembly.

Before beginning assembly carefully check that you have all the parts and fixings.

Ensure the product is fully assembled as illustrated and all fixings are fully tightened before use.

Check fixings regularly to ensure they remain tight.

When moving your assembled bed, remove the mattress and bedding. Adjust the support leg to its shortest position. Then the bed must be lifted into position. Never drag the bed, as this can damage the legs. Once the bed is in the new position, readjust the support leg to be 5-10mm from the floor surface without the mattress. When in use the support legs will create the required support for the product. Never allow any kind of liquid to remain on your furniture. Absorption can cause materials to warp or finishes to delaminate.

To clean your item, please use a vacuum or lightly brush clean.

Please note:

Periodically check the condition of your bed slats and plastic locating caps to ensure they are in good condition and have not become loose.

Dont's

Do not drag or pull your furniture.

Do not use silicone based furniture polish. Silicone in furniture polishes can break down the lacquer finish.

Do not stand or jump on this product.

Fabric composition: 100% Polyester

Warnings

Retain these instructions for future reference.

Keep fittings out of children's reach. Keep children away from construction areas.

This product should only be used on firm level ground. Periodically check all fittings and re-tighten as necessary.

Do not jump or stand on the bed. Avoid exposing the furniture to excessive heat or direct sunlight as this can cause damage to the materials and deterioration of the colour.

Home Service Technicians

If you have a fault with your product, please contact our customer service team on 0333 777 8999.

If you have had the product for 28 days or less, you may be offered a replacement, refund or for a fully trained homeservice technician to visit your home to assess the fault and repair the product where possible.

If you have had the product for more than 28 days, we will send an independent home service technician to review and repair the product where possible and recommend further action.

Assembly instructions

5.

WARNING!

Once parts 5 and 6 (Centre rail and Support legs) have been secured to the bed base.

Then adjust Support legs (Parts 6) to a position 5-10mm above the floor.

When moving your assembled bed, remove the mattress and bedding. Adjust the support leg to its shortest position. Then the bed must be lifted into position, Never drag the bed, as this can damage the legs.

Once the bed is in the new position, readjust the support legs to be 5-10mm from the floor surface without the mattress. When in use the support legs will create the required support for the product.

TITUS TIGHTENING INSTRUCTIONS

Line up the arrow on the CAM with the PIN.

Push the pins into the holes in the panel to be joined.

Make sure there is no gap between the panels.

Use a cross-point screwdriver (PH2 or PZ2 is ideal) to tighten the cams and lock the panels together.

The panels are locked when each cam is turned to between $1/2$ and $2/3$ of a full turn (Maximum rotation)
