BEFORE YOU START

Number of people required to assemble

Two people are required to assemble this item

Time to assemble : 60 minutes

Tools required

not supplied

Do's

We suggest you spend a short time reading through this leaflet before you start.

When you are ready to start, make sure that you have the right tools and plenty of space.

Unwrap all packaging materials and place the components on a clean surface to protect it from damage, We recommend that the packaging is used to protect the surfaces during assembly.

Carefully check that you have all the parts before beginning assembly.

Due to the size of this product we recommend that it is assembled in the room intended for use.

Ensure the product is fully assembled as illustrated and all fixings fully tightened before use.

Wipe occasionally with a soft cloth slightly dampened with water. Then buff with a dry clean soft cloth.

Wood will mellow and change colour over time, we recommend that ornaments and items placed on the surface are moved regularly for the first few months to prevent uneven mellowing.

Don'ts

Do not drag or pull your furniture.

Do not rub or scrub the surface when cleaning.

Do not use silicone based furniture polish. Silicone in furniture polishes can break down the finish.

Never allow any kind of liquid to remain on your furniture.
Absorption can cause wood to warp or finishes to de-laminate.

Do not place hot items (e.g. hot drinks) directly on to the wood surface. Please make sure you use a placemat or coaster.

Warnings

We suggest you retain these instructions for future reference.

Keep fittings out of children's reach and keep children well away from construction area.

This product should only be used on firm level ground.

Please periodically check all fittings and re-tighten as necessary.

Please do not sit or stand on your furniture.

Avoid exposing the furniture to excessive heat or direct sunlight as this can cause deterioration of the colour.

Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to protect it from damage

Missing parts

If you are missing any fixtures and fittings for your product. Please contact our customer service team on 0333 777 8999 and they will be happy to arrange for a replacement to be sent to you free of charge.

Home service technicians

If you have a fault with your product, please contact our customer service team on 0333 777 8999. If you have had the product for 28 days or less you may be offered a replacement, refund or for a fully trained home service technician to visit your home to assess the fault and repair the product where possible. If you have had the product for more than 28 days we will send an independent home service technician to review and repair the product where possible and recommend further action.

BRONX STORAGE SHELVING BED E73787

Contents and specification:

- 1x sensor LED desk which doesn't need to be plugged in to function.
- This product contains 1x battery which are non-replaceable.
- Rechargeable by USB port 0.8m USB charging cable included (USB plug is needed to charge but not included)
- Integrated LED lamp/strip - bulbs not required.
- Average run time: 6 hours (keep lighting)
- Wattage: 1.63W
- Light output: 93.52 lumens
- Colour temperature: 3000K/4000K/6000K
- The light will only go through the 3 stage touch when in contact with the switch on the top of the LED
- This product has a charging indicator light. When charging the light will show red. Once charging is complete, the light will change to white. In order to maintain the longevity of the product, please do not overcharge or leave on the charge for 24 hours.
- Constant On Mode: The light stays on continuously, the sensing function does not work, and it does not turn off automatically.
- Night Sensing Mode: The light will automatically light up when both sensing human and in low lit environment, otherwise it won't automatically light up. The light will automatically turn off when human left the sensing range for after 25 seconds. The light will keep lighting if human stay in the sensing range.
- The sensing range of the light is 120° from the center point of the probe, within a 3 meter area. However, improper installation or obstructions near the sensing probe may affect the sensing effect.
- Ensure that all packaging is disposed of carefully and responsibly.
- Keep all plastic wrapping materials away from children to avoid danger of suffocation
