Manufactured under licence by NEXT plc.

# BEFORE YOU START

## Do

- We suggest you spend a short time reading through this leaflet before you start.
- When you are ready to start, make sure that you have the right tools and plenty of space.
- Unwrap all packaging materials and place the components on a clean surface to protect it from damage.
- We recommend that the packaging is used to protect the surfaces during assembly.
- Carefully check that you have all the parts before beginning assembly.
- Due to the size of the product we recommend that it is assembled in the room intended for use.
- Ensure the product is fully assembled as illustrated and all fixings fully tightened before use.
- Wipe occasionally with a soft cloth slightly dampened with water. Then buff with a dry clean soft cloth.
- Wood will mellow and change colour over time, we recommend that ornaments and items placed on the surface are moved regularly for the first few months to prevent uneven mellowing.

## Do Not

- Do not drag or pull your furniture.
- Do not use silicone based furniture polish. Silicone in furniture polishes can break down the finish.
- Never allow any kind of liquid to remain on your furniture. Absorption can cause wood to warp or finishes to delaminate.
- Do not place hot items (e.g. hot drinks) directly on to the wood surface.
- Please make sure you use a placement or coaster.
- Do not stand on your furniture.

## Warnings

- We suggest you retain these instructions for future reference.
- Keep fittings out of children's reach and keep children well away from the construction area.
- This product should only be used on firm, level ground.
- Please periodically check all fittings and re-tighten as necessary.
- Please do not sit or stand on your furniture.
- Avoid exposing the furniture to excessive heat or direct sunlight as this can cause deterioration of the colour.
- Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to protect it from damage.
