## Assembly instructions

### Do's

Wipe occasionally with a soft cloth slightly dampened with water. Then buff with a dry clean, soft cloth.

The frame of this product is suitable for all year outdoor use. It is however still recommended to cover products when not in use for long periods to keep it clean. The frame of this product is suitable for occasional outdoor use. It should not be left out during harsh weather conditions such as heavy rain or snow. Store furniture inside during autumn and winter in a garage or shed.

Take cushions in at night or when it's raining as the dampness will cause mould to grow. Fabrics have been tested for outdoor suitability; even so, please be aware that, over time, fabrics may fade a little after exposure to direct sunlight for long periods. Regularly plump cushions to maintain their shape. Please make sure that the product is clean and dry before putting it into storage

### Dont's

Do not position your product close to sources of intense heat, such as barbeques or patio heaters.

Do not sit on arms or the back of seating which may cause distortion or damage the frame.

Do not wash covers in a washing machine.

Do not use a jet or pressure washer to clean your furniture.

Avoid allowing pets on upholstered products as their claws may cause damage to the leather or fabric.
