With: Assembly instruction  
Missing or damaged parts

**CALL:0333 777 8999**

**IMPORTANT - RETAIN FOR FUTURE REFERENCE**

## BEFORE YOU START

### Warnings

We suggest you retain these instructions for future reference

This light is suitable for indoor use only

### Do's

We suggest you spend a short time reading through this leaflet before you start

When you are ready to start, make sure that you have the right tools and plenty of space

Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to protect it from damage

We recommend that the packaging is used to protect the surfaces during assembly

Carefully check that you have all the parts before beginning assembly

Ensure the product is fully assembled as illustrated and all fixings fully tightened before use. Check fixings regularly to ensure they remain tight

Always switch off the supply before changing light bulbs or cleaning

Allow bulbs to cool down before handling

### Don'ts

Do not position this product in an area, subject to humid or moist conditions.

Do not allow moisture to come into contact with electric parts.

### Time to assemble

20mins

### Tools required

Scissor for unpacking

### Missing parts

If you are missing any fixtures and fittings for your product please contact our customer service team on 0333 777 8999.

### Cleaning Care

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will rub away the protective coating.

### Maintenance

To ensure your safety, if the cable becomes damaged it must be replaced only by a qualified person.

### Safety information

For your safety, please remember the following:

- Always switch off the power supply before changing lightbulbs or cleaning
- Allow bulbs to cool down before handling.

## CARSON BLACK FLOOR LAMP N39648 Assembly Instructions

### Assembly Instructions

Unpack the contents of the carton. Lay the contents out on a flat surface giving yourself room to work.

#### Step 1

Align the holes on two stems and connect them together, pull surplus cable from the bottom of the stem, screw on the two flat head screws. Check that they are securely tightened. Insert the stem into the lamp base and make sure it is straight, tighten the grub screws on the side and bottom by using the allen key supplied.(See Figure 1)

### Selecting the correct light bulb

Maximum Wattage - 33 Watts

Voltage - 220 - 240 Volts

Lightbulb type - 33W G9 bulb

Do not exceed the maximum wattage as it may cause your light fitting to overheat. Use a soft cloth to handle bulb.

### Attaching shade

Fit the bulb. Attach silicone washer, outer glass shade, silicone washer onto the lampholder in sequence and secure into position with the shade ring. (See Figure 2)

2

PLEASE NOTE: ENSURE THAT THE AREA DRILLED MUST NOT BE IN CONTACT WITH ANY ELECTRICAL WIRING, WATER OR GAS PIPES. DRILLING WILL LEAVE A PERMANENT MARK ON THE FLOOR.

3) Attach the enclosed bracket to the bottom of the base in the prethreaded hole using the screw ( part no.10) provided. ( See Figure 3)

4) Taking care not to damage any wiring or piping under the floor,drill the floor to the height of the rawl plug. Screw the bracket to the floor using the fixing screw (part no.7) supplied in the accessory pack. Ensure the floor lamp is secured in place. (See Figure 4)
