BEFORE YOU START

Warnings

We suggest you retain these instructions for future reference. For your safety, this product must be installed in accordance with local building regulations. If in any doubt, or required by the law, consult a competent person who is registered with an electrician self-certification scheme. Further information is available online or from your local authority.

This light is suitable for indoor use only.

We suggest you retain these instructions for future reference.

Recommended Bulb: ES 6W LED MAX 10W

Do's

We suggest you spend a short time reading through this leaflet before you start.

When you are ready to start, make sure that you have the right tools and plenty of space.

Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to protect it from damage.

We recommend that the packaging is used to protect the surfaces during assembly. Carefully check that you have all the parts before beginning assembly.

Ensure the product is fully assembled as illustrated and all fixings fully tightened before use. Check fixings regularly to ensure they remain tight.

Always switch off the supply before changing light bulbs or cleaning.

Allow bulbs to cool down before handling.

Don'ts

We recommend cleaning with a soft dry cloth, do not use abrasive materials as these will rub away the protective coating.

Time to assemble

15mins

Missing parts

If you are missing any fixtures and fittings for your product, please contact our customer service team on 0333 777 8999 and they will be happy to help.

Cleaning Care

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will rub away the protective coating.

Maintenance

To ensure your safety, if the cable becomes damaged, it must be replaced by only a qualified person.

Safety information

For your safety, please remember the following:

- Always switch off the power supply before changing lightbulbs or cleaning.
- Allow bulbs to cool down before handling.

5

Step 5

Attach the fabric shade first at the stem, secondly, attach the up diffuser on the shade metal stem, then attach the metal plate on the up diffuser, and finally attach the metal part on the top of the shade.

Should you wish for more stability of this lamp, the you could consider fixing this to the floor following the below guidelines.

PLEASE NOTE: ENSURE THAT THE AREA DRILLED MUST NOT BE IN CONTACT WITH ANY ELECTRICAL WIRING, WATER OR GAS PIPES. DRILLING WILL LEAVE A PERMANENT MARK ON THE FLOOR.

1) Attached the enclosed bracket to the bottom of the base in the pre threaded hole using the screw provided.

2) Taking care not to damage any wiring or piping under the floor, drill the floor to the height of the rawl plug. Screw the bracket to the floor using the screw supplied in the accessory pack. Ensure the floor lamp is secured in place.
