

BEFORE YOU GET STARTED...

*We're confident you'll love your gorgeous new Next furniture. However, it's worth making absolutely certain before you put it all together.
So, let's quickly run through these three steps:*

1. COLOUR

Make sure you're happy with the colour
No need to unpack everything, just check the first component.

2. PROTECTIVE PACKAGING

If you're happy, then it's time to get opening! Start by laying everything out on the protective packaging – this will prevent anything getting scratched.

3. PARTS PAGE

Finally, double check you have all the pieces by referencing the parts page of the instructions.

TIPS FOR RETURNS

Not completely happy with the product? No problem.
We just need everything back in the original packaging, so follow the steps below and this will ensure a super-smooth returns process and no delay to your refund.

DO

- Check everything is there (the 'parts page' is a handy checklist).
- Pop all the loose fittings and fixtures into the packaging provided or tie them up in a plastic bag.
- Wrap all the big components back up in the original protective packaging.
- Close up the box and seal it securely (don't be afraid to use plenty of tape).

DON'T

- Leave anything assembled - all components should be dismantled and separately packed.
- Put loose fixtures and fittings straight into the box.
- Throw it back in the box carelessly – as it may get damaged.

Assembly instructions

BEFORE YOU START**Warnings**

We suggest you retain these instructions for future reference.

Keep fittings out of children's reach and keep children well away from construction area.

This product should only be used on firm, level ground.

Please periodically check all fittings and re-tighten as necessary.

Please do not stand on your furniture.

Avoid exposing the furniture to excessive heat or direct sunlight as this can cause deterioration of the colour.

Do's

We suggest you spend a short time reading through this leaflet before you start.

When you are ready to start, make sure that you have the right tools, plenty of space.

Due to the size of this product we recommend that it is assembled in the room intended for use.

Unwrap all packaging materials and place the components on a clean surface to protect them from damage.

We recommend that the packaging is used to protect the surfaces during assembly.

Carefully check that you have all the parts before beginning assembly.

Ensure the product is fully assembled as illustrated and all fixings are fully tightened before use. Check fixings regularly to ensure they remain tight.

When moving your assembled bed, it is best to lift the bed and never to drag it. Please check that the centre support rail is securely fixed in place.

When adjusting the support legs ensure that the foot is set 5mm from the floor surface without the mattress in place. When in use the legs will create the required support for the product.

Never allow any kind of liquid to remain on your furniture. Absorption can cause materials to warp or finishes to de-laminate.

To clean your item, please use a vacuum or lightly brush clean.

Don'ts

Do not tighten screws until fully assembled.

Do not over tighten screws or bolts.

Do not drag or pull your furniture.

Do not use this product if parts are missing, damaged or worn.

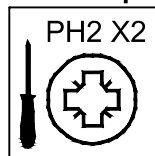

Never use scourers, abrasives or chemical cleaners.

Number of people required to assemble

Two people are required to assemble this item

Time to assemble : 30 minutes

Assembly instructions

IMPORTANT INFORMATION

This product contains Safety glass.(Silver laminated glass, bonded together with with a tough and thermoplastic polyvinyl butyral).

If broken the glass is designed to stick to the inner layer and care is needed when handling it. Safety glass is stronger than regular glass to better withstand the wear and tear of everyday use, but some basic precautions need to be taken to prolong its life:

DO:

- Always use a coaster or table mat to protect the glass from very hot or cold cups, glasses or plates etc.
- Take care when placing items on the glass surface so as not to damage it
- Take particular care not to damage the edge of the glass surface - this type of damage can cause the whole panel to shatter. If you notice damage on the edge of the glass, contact a local glazier for advice.

DO NOT:

- Place heavy items on the glass surface
- Position the unit near direct heat (e.g. in front of a radiator or other strong heat source) as this can cause internal stress in the glass and cause it to shatter.
- Use it as a chopping board.
- Strike the glass with hard or pointed objects.

CARE INSTRUCTIONS:

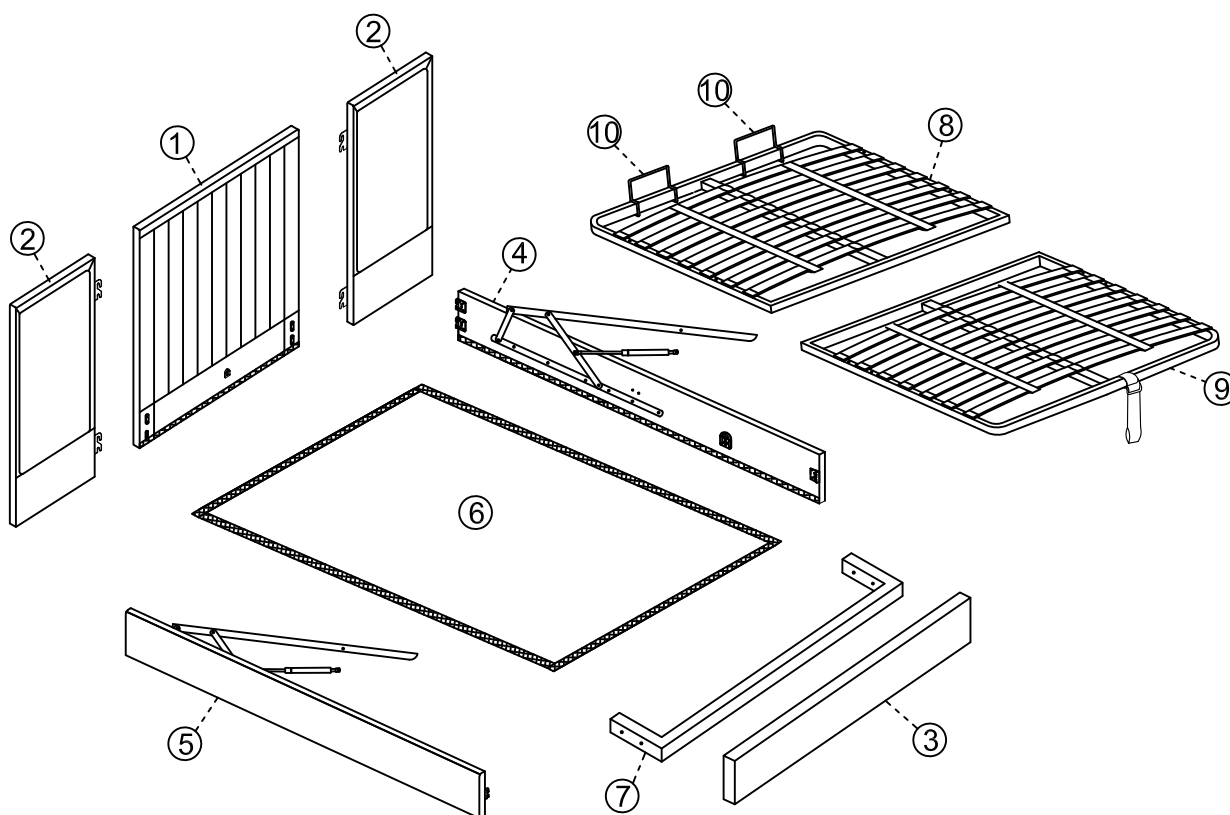

- To clean the glass, use a proprietary glass cleaner and a soft cloth. Do not use abrasive cleaners as they can damage the finish of the glass.
- If the glass will be in direct sunlight, ensure that drops of liquid etc are removed as they can focus the sun's light and cause damage to your furnishings.
- Sunlight reflecting from the glass surface can reflect onto other surfaces in your home, so if you have items likely to be affected by this, please ensure you position them accordingly, or shade the sunlight as required.

Assembly instructions

CAUTION: Flip beds use strong gas pistons to aid you in lifting the mattress to access your storage. Do not attempt to operate the mechanism without a mattress in place. This could cause damage to the frame or potential injury when opening or closing. Use the strap or handle provided to operate and keep hands and objects away from any of the moving components.

Minimum and maximum weight restrictions are highlighted below. Ensure your mattress meets this specification. Do not overload the bed frame as this will damage the mechanism.

Double: MIN 20kg / MAX 60kg

King: MIN 25kg / MAX 70kg

Superking: MIN 30kg / MAX 85kg
