Assembly instructions

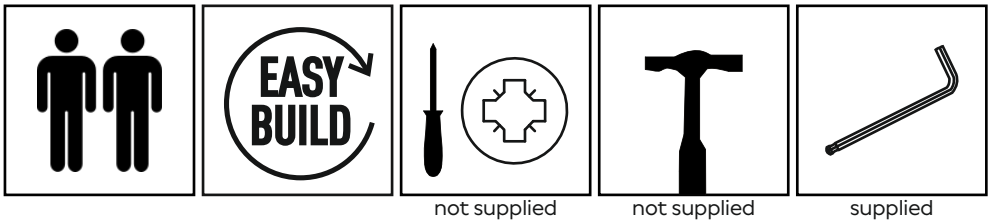
BEFORE YOU START

Number of people required to assemble
Two people are required to assemble this item

Time to assemble : 30 minutes



not supplied | not supplied | supplied

Do's

We suggest you spend a short time reading through this leaflet before you start. When you are ready to start, make sure that you have the right tools and plenty of space. Unwrap all packaging materials and place the components on a clean surface to protect it from damage,
We recommend that the packaging is used to protect the surfaces during assembly. Carefully check that you have all the parts before beginning assembly. Due to the size of this product we recommence that it is assembled in the room intended for use. Ensure the product is fully assembled as illustrated and all fixings fully tightened before use.
Wipe occasionally with a soft cloth slightly dampened with water.
Then buff with a dry clean soft cloth. Wood will mellow and change colour over time, we recommend that ornaments and items placed on the surface are moved regularly for the first few months to prevent uneven mellowing.
Maximum size for the TV will be 32 inches. TV weight can vary from 7-10 kg.

Dont's

Do not drag or pull your furniture. Do not rub or scrub the surface when cleaning. Do not use silicone based furniture polish. Silicone in furniture polishes can break own the finish. Marble can be somewhat fragile compared to other materials as it is susceptible to scratches, etching and staining. While it may seem difficult to clean marble without the use of abrasive cleaners, it's not. Marble is easy to clean and maintain. Gentle soap and warm water are enough to get the job done. If you make a mess, immediately spot clean any spills in order to prevent staining. The longer a substance is left on top of the marble, the more likely it is to stain.

Never allow any kind of liquid to remain on your furniture. Absorption can cause wood to warp or finishes to de-laminate. Do not place hot items (e.g. hot drinks) directly on to the wood surface. Please make sure you use a placemat or coaster.

Missing parts

If you are missing any fixtures and fittings for your product.. Please contact our customer service team on 0333 777 8999 and they will be happy to arrange for a replacement to be sent to you free of charge.

Warnings

We suggest you retain these instructions for future reference. Keep fittings out of children s reach and keep children well away from construction area.
This product should only be used on firm level ground.
Please periodically check all fittings and re-tighten as necessary. Please do not sit or stand on your furniture. Avoid exposing the furniture to excessive heat or direct sunlight as this can cause deterioration of the colour. Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to protect it from damage

Home Service Technicians

If you have a fault with your product, please contact our customer service team on 0333 777 8999. If you have had the product for 28 days or less you may be offered a replacement, refund or for a fully trained home service technician to visit your home to assess the fault and repair the product where possible. If you have had the product for more than 28 days we will send an independent home service technician to review and repair the product where possible and recommend further action.

Important Information

Natural Variation

Marble is a product of nature, so expect variations in colour, pattern and veining. These variations are normal, and add to the charm of the material. ***No single piece of marble is the same as another*** *and this individuality is part of what makes your furniture one of a kind.*

What to expect:

- Veining differences that create a varied pattern.
- Colour shifts or spots, caused by mineral deposits
- Fissures, which are natural lines which run through the marble but do not reach all the way through the slab.

These are not faults, but are common and natural features of marble formed over many years. Please keep in mind that these features do not impact the strength or functionality of the piece but rather contribute to its distinctive appearance..

How To Care For Your Marble

Your marble has been sealed and polished to provide protection, however it is a precious stone that needs to be carefully looked after. To ensure it stays looking great, please follow these guidelines.

Do's and Don'ts:

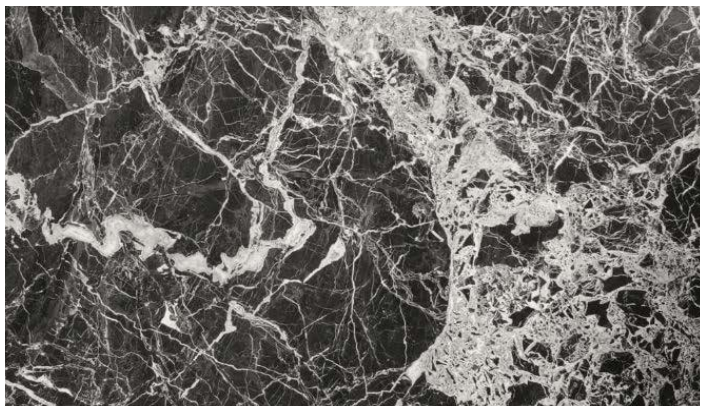
Do use a soft, damp cloth for routine cleaning. Make sure to dry the marble thoroughly after wiping to avoid water spots.

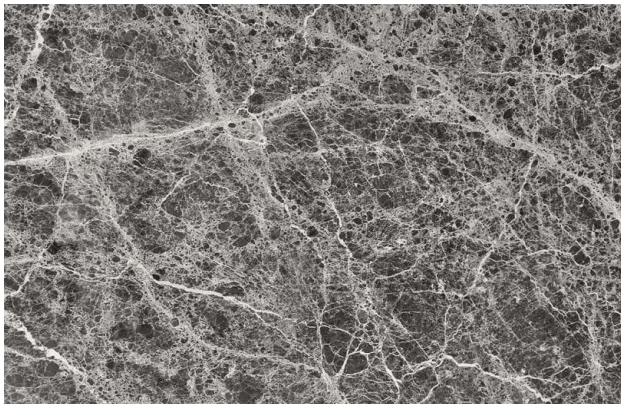
Wipe up spills immediately to prevent staining. Marble is porous and spills can seep in if left on the surface

Do not use any harsh or abrasive cleaners, these can strip the finish and damage the marble over time. Only use water or specialist marble cleaning products, which are widely available.

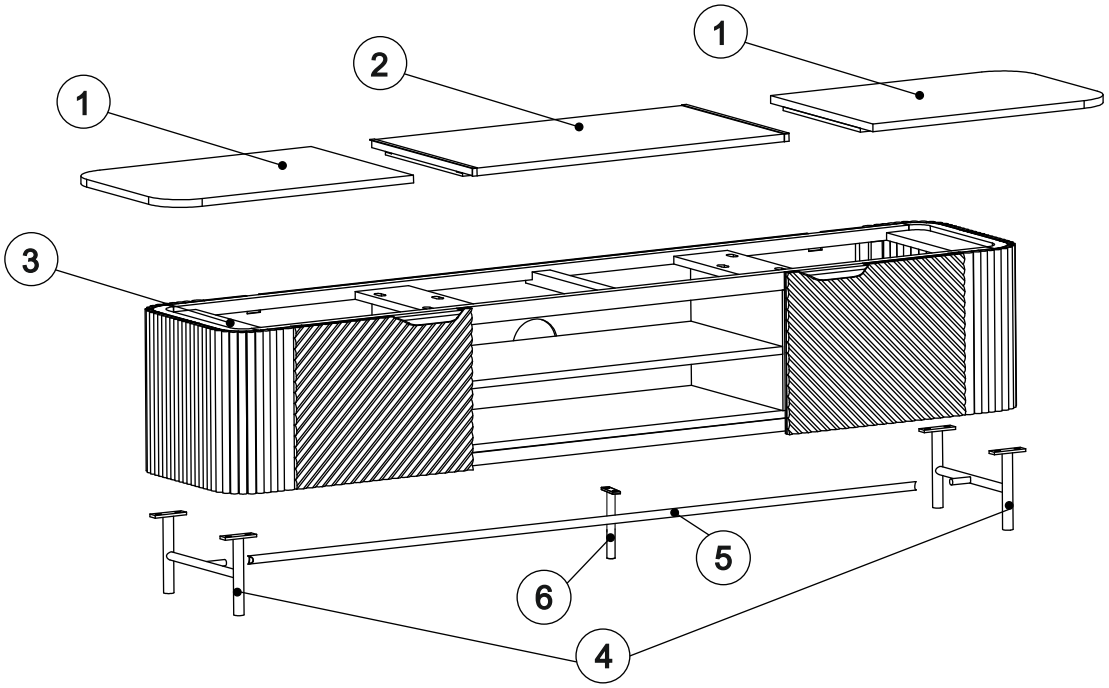
Do use coasters and placemats under glasses, plates and any items that could scratch or stain the surface. Do not place hot items directly on to the marble.

Do not drag heavy or sharp objects across the marble. This can scratch the surface, even with the sealed finish.





GETTING TO KNOW YOUR PRODUCT



Product supplied.

Ref	Dimensions	Visual	Qty	Ctn
1	55.4 x 38cm		2	1
2	71.6 x 38cm		1	1
