

BEFORE YOU GET STARTED...

We're confident you'll love your gorgeous new Next furniture. However, it's worth making absolutely certain before you put it all together.

So, let's quickly run through these three steps:

1. COLOUR

Make sure you're happy with the colour
No need to unpack everything, just check the first component.

2. PROTECTIVE PACKAGING

If you're happy, then it's time to get opening! Start by laying everything out on the protective packaging – this will prevent anything getting scratched.

3. PARTS PAGE

Finally, double check you have all the pieces by referencing the parts page of the instructions.

TIPS FOR RETURNS

Not completely happy with the product? No problem.
We just need everything back in the original packaging, so follow the steps below and this will ensure a super-smooth returns process and no delay to your refund.

DO

- Check everything is there (the 'parts page' is a handy checklist).
- Pop all the loose fittings and fixtures into the packaging provided or tie them up in a plastic bag.
- Wrap all the big components back up in the original protective packaging.
- Close up the box and seal it securely (don't be afraid to use plenty of tape).

DON'T

- Leave anything assembled - all components should be dismantled and separately packed.
- Put loose fixtures and fittings straight into the box.
- Throw it back in the box carelessly – as it may get damaged.

BEFORE YOU START

Warnings

We suggest you retain these instructions for future reference.

Keep fittings out of children's reach and keep children well away from construction area.

This product should only be used on firm, level ground.

Please periodically check all fittings and re-tighten as necessary.

Please do not jump or stand on your bed.

Avoid exposing the furniture to excessive heat or direct sunlight as this can cause cracking of the wood and deterioration of the colour.

Keep away from strong heat source.

Do not use this item if components are missing or broken.

Don'ts

Do not drag your assembled bed. Always lift the bed and check that the centre support rail is securely fixed in place.

Apply adhesive substrates of example, sticky tape to the product.

Do not use silicone based furniture polish. Silicone in furniture polishes can break down the lacquer finish.

Number of people required to assemble

Two people are required to assemble this item

Do's

We suggest you spend a short time reading through this leaflet before you start.

When you are ready to start, make sure that you have the right tools, plenty of space.

Unwrap all packaging materials and place the components on a clean surface to protect them from damage. We recommend that the packaging is used to protect the surface during assembly.

Carefully check that you have all the parts before beginning assembly.

Ensure the product is fully assembled as illustrated and all fixings are fully tightened before use.

Check fixings regularly to ensure they remain tight.

Always ensure that protectors are used on the legs according to your flooring type.

When adjusting the support legs ensure that the foot is set 10mm from the floor surface without the mattress in place. When in use the legs will create the required support.

To clean your item, please use a soft cloth slightly dampened with water and wipe clean. Then buff with a dry clean cloth.

Missing parts

If you are missing any fixtures and fittings for your product please contact our customer service team on **0333 777 8999** and they will be happy to arrange for a replacement to be sent to you free of charge.

Home service technicians

If you have a fault with your product please contact our customer service team on **0333 777 8999**. If you have had the product for 28 days or less you may be offered a replacement, refund or for a fully trained home service technician to visit your home to assess the fault and repair the product where possible. If you have had the product for more than 28 days we will send an independent home service technician to review and repair the product where possible and recommend further action.

Assembly instructions

5

Once the feet have been assembled and attached, they should be adjusted to ensure they do not touch the floor, (5mm above the floor) to allow for movement once the mattress is placed on the bed frame.

It is important to note that when moving the bed that it is not dragged into its new position to prevent the possibility of these feet being twisted or angled to one side, which could lead to the collapse of the centre of the bed.

To move the bed, remove the mattress and lift the bed into its new position to avoid damage. Ensure the feet are at 90 to the floor before replacing the mattress.
