

## Junior Supercar Taster

### DESCRIPTION

Make a young person's driving fantasy become reality with the chance to drive an actual supercar, years before they need a license.

With over 15 high performance and supercars to choose from at over 15 locations nationwide, they will be spoiled for choice.

Will they choose to do it like the stars do in a sleek Lamborghini Gallardo or perhaps they dream of driving the fierce Audi R8 just like Mr Tony Stark. Whichever vehicle they choose this awesome junior driving experience is sure to put a smile on their face.

The young driver will be given the chance to get behind the wheel of one of their favourite vehicles for 3 exhilarating miles.

Sitting side by side with a pro, they will be taught the basics, then pedal to the metal and off they go! If that isn't enough excitement they will also receive an unforgettable passenger ride round the track by an expert instructor.

They will be talking about this for years to come and it will be a memory to treasure with your loved ones. So what are you waiting for... You will soon become their favourite person.

Depending on location this experience is available to all children who have a minimum height between 4ft 5 to 4ft 11 and whilst some have an age restriction of 11 years, others there are none. All participants must be under 17 years of age.
