

## 160ft Bungee Jump

### DESCRIPTION

Fancy getting your blood rushing? Well a 160ft bungee jump will do just that! A crane will winch you to a height of 160ft before you are dispatched and experience over four seconds of freefall. A fantastic experience and one you will not forget!

With your feet still firmly on the ground, you will be weighed and brought up to speed on safety procedures. You will be fitted with your harnesses before being winched up in the cage with a jump master. Once he's convinced everything is okay, it will be "3-2-1 BUNGEE" and off you go!

You will receive a certificate upon completion of your experience. DVDs, photos and other merchandise are available to purchase on the day.

### LOCATIONS

Antrim, Belfast; Bedfordshire, Wyboston; Berkshire, Datchet; Berkshire, Windsor; Bristol, Bristol; East Sussex, Brighton; Greater Manchester, Salford; Lanarkshire, Glasgow; West Midlands, Tamworth;
