**Our cheesemongers will select the Truffle Gloucester, Wyfe of Bath and Robiola Bosina from our maturing rooms so that your order will arrive on your chosen date in peak condition. If carefully wrapped and stored in the fridge, these cheeses will keep for seven to fourteen days after arrival. An instructional booklet on 'caring for your cheese' will be included with the order.*

Substitution policy: artisan cheeses vary seasonally, and our cheesemongers check ours for their quality every day. On occasion, we may feel that an alternative cheese, of a similar style, tastes better than the one listed in your selection. To give the recipient of your gift a better experience, we may make a substitution in these circumstances. We make every effort to avoid doing so, but in the event that we do make a substitution, it will be for a similar style cheese, that is of equal or greater value. In rarer circumstances, this policy may apply to non-cheese items in our selection boxes too.
