FUNCTION (IPT)

Sun Cream

PRODUCT NAME

Everyday Invisible Serum SPF50+

INSTRUCTIONS FOR SAFE USE

Every day. Yes, even when it's cloudy. Yes, even when you're "just inside."
Apply serum generously and evenly to all exposed skin 20 minutes before sun exposure. And when we say generously, we mean it. You want enough product to properly cover your face, ears, neck... the whole situation!
Reapply every 2 hours, especially after swimming, sweating or towel-drying.
Layer as the final step of your skincare routine and before makeup. It plays perfectly under foundation by the way.
Store below 30°C and keep her out of extreme heat.
