Instructions for safe use	How to use Growth Serum on your lashes: Apply nightly to makeup-free lashes. Apply directly with a single stroke to the base of the upper eyelash (the lash root), starting from the outer corner of the eye and move toward the inner corner. Allow one to two minutes for the serum to dry. How to use Growth Serum on your brows: Apply a small amount all over your brows for a fuller and thicker brow look. How to use Mascara: Sweep upwards from the very root to the top of your lashes to achieve a full lengthening effect. Easy to build up with multiple layers and excellent to use together with false lashes. Attach to your own lashes and mix them along with the false lashes. Cloud Mascara works its magic for those who have very few lashes or if you made a lash lift at a salon.
Product Expiry	PAO: Mascara 6 months, Serum 12 months
