Instructions for safe use	How To Use: Place reeds into the fragrance oil so they can start to absorb it and begin to diffuse into the air to fill your room with scent. For a more intense fragrance or to refresh, remove the reeds from the fragrance oil and turn the reeds upside down, so that the soaked ends are exposed. Turn the reeds like this on a regular basis and always over a paper towel to avoid any spills onto surfaces. For optimum levels of fragrance, turn the reeds once a week. Fragrance lifespan will vary with surrounding environmental conditions. To prolong fragrance lifespan, keep away from sources of heat and avoid direct sunlight.
