Instructions for safe use	<p>Massage over each buttock in a circular motion from the ‘thuttock’ (where thigh meets buttock) to hips and over muffin top daily. Maximise the benefits by applying over an application of Cellu-Lite.</p> <p>Slip a hand into the pad and use the abrasive side wet or dry to massage buttocks and hips (and legs as required) to polish away dry skin and loosen congested pores. This gentle abrasive action will also charge up the lymph and circulation to encourage release of the trapped fluid that contributes to cellulite, and bring nutrient-rich blood to the skin’s surface, making skin feel firmer and more toned. Flip the pad, and if you are using it in the shower/bath, lather up the plush side with soapy water to give skin extra level detox, cleansing away dead, dulling skin cells and deep pore impurities. Hold your towel at each end and buff dry by pulling it swiftly from side-to-side across the buttocks to boost the stimulating effects of Buff-Lite. Finish with an application of Peach-Lite Super Lift For The Derriere to buttocks and hips; then apply Air-Lite Daily Lift For Legs from ankle to thigh. Hand wash in warm soapy water and hang to dry, or machine wash with like colours on a low heat and without fabric softener.</p>
