

Item Identifiers	
Brand	Skandinavisk
Item Number	AE2419
Article Number	Not Applicable
EAN	5711868201311
Legal Online Product Information	
Function	Candle Refill
Specific Product Information	HYGGE Scented Candle Refill 200g
Net Weight / Volume	Not Applicable
Instructions for safe use	<p>Clean: Clean the candle glass by removing any remaining wax with a paper towel, remove the wick stem and discard. It can help to warm the glass first to soften the wax by using a hairdryer, or by dampening the paper towel with hot water. Do not rinse with soapy water and then pour down a sink as the wax will cause clogging.</p> <p>Place: Remove the candle refill from this box and place it inside your cleaned glass. The paper box is 100% recyclable so discard in a recycling bin in accordance to local regulations.</p> <p>Light: Light the wick and remember that the first burn should be long enough to ensure an even melt pool (2+ hours). Extinguish the flame by covering with the wooden lid. Remember to trim the wick before relighting.</p> <p>Safety note: This candle refill must be placed in a glass container prior to lighting. Failure to do so could cause damage, injury or fire.</p>
Product Expiry	Check product for expiry date
Ingredients Information	
Ingredients	Tetramethyl acetyloctahydronaphthalenes, Coumarin, Limonene, Linalyl acetate, Linalool, Dimethylhydroxy furanone, Cinnamal.
VOC Level	Not Applicable
