Item Number AE4221 Article Number Not Applicable EAN 5711868201250 Legal Online Product Information Function Candle Refill Specific Product Y Scented Candle Refill 200g Net Weight / Volume Not Applicable Clean: Clean the candle glass by removing any remaining wax with a paper towel, remove the wick stem and discard. It can help to warm the glass first to soften the wax by using a hairdryer, or by dampening the paper towel with hot water. Do not rinse with scapy water and then pour down a sink as the wax will cause clogging. Place: Remove the candle refill from this box and place it inside your cleaned glass. The paper box is 100% recyclable so discard in a recycling bin in accordance to local regulations. Light: Light the wick and remember that the first burn should be long enough to ensure an even melt pool (2+ hours). Extinguish the flame by covering with the wooden lid. Remember to trim the wick before relighting. Safety note: This candle refill must be placed in a glass container prior to lighting. Failure to do so could cause damage, injury or fire. Product Expiry Check product for expiry date Ingredients Tetramethyl acetyloctahydronaphtalenes, Hexyl cinnamal, Linalool, Limonene.
