<b>Instructions for safe use</b>	The Clear Tan Water applies with no colour guide, then gradually develops into a natural looking tan. If applying a self-tanner without a guide colour sounds scary to you, rest easy as you're still able to see where you've applied the product (and where you haven't) because of the light sheen on the skin that will appear more glowy until it dries down. For external use only. If irritation occurs, discontinue use. Avoid eyes. A patch test is recommended 24-48 hours before application. Store in a cool dark place, below 30 degrees. Keep away from sunlight.
