| Function | Hair Treatment |
| Specific Product Information | Unbreakable Blondes Mini Kit 110ml |
| Net Weight / Volume | Not Applicable |
| Instructions for safe use | <p>STEP 1- TREAT: No.0 Intensive Bond Building Treatment + No.3 Hair Perfector™</p> <p>1. Before you wash your hair, apply No.0 slowly to dry hair, distributing evenly from root to tip and working into small sections by squeezing the liquid into the hair to be fully absorbed as you go. Hair should be damp, not drenched. Let process for 10 minutes. DO NOT RINSE.</p> <p>2. Follow directly with No.3. Apply generously to damp hair from scalp to ends until hair is thoroughly saturated. Leave on for a minimum of 10 minutes (or longer if desired). Then, rinse well.</p> <p>STEP 2- TONE & CLEANSE: No.4P Blonde Enhancer™ Toning Shampoo</p> <p>Apply to wet hair. Lather fully and leave on for 1-3 minutes. Rinse well. For more intense toning, leave on hair up to 5 minutes.</p> <p>STEP: 3- MOISTURIZE No.8 Bond Intense Moisture Mask</p> <p>Apply to clean, damp hair mid-length to ends and work through with fingers. Leave on for 10 minutes. Rinse well and style as usual. Start with 2 pumps for shoulder-length hair. Use more for longer, thicker hair. Less for fine or short hair.</p> |
