| Instructions for safe use            | Start by lining the lips with Le Contour Pro lip pencil. Then, apply the lipstick with the brush of the pencil. For a more intense result, apply another coat of the lipstick directly on the lips.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
