

## DIRECTIONS:

Unscrew cap, remove stopper, replace screw cap back on. Insert reeds into oil, reeds will draw oil upwards to diffuse the fragrance. Allow 24-36 hours for diffusion. If oils are diffusing too quickly, remove some of the reeds from the vessel. Revitalise the fragrance by simply inverting the reeds every 2 weeks ensuring the delivery of fragrance remains. Wipe away residual oil from the bottom of bottle before placing on a protective level surface.

Contains: 3,7-Dimethyl-1,6-nonadien-3-ol

**WARNING** May cause an allergic skin reaction. Causes serious eye irritation. Toxic to aquatic life with long lasting effects. Avoid release to the environment. IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
