Instructions for safe use	<p>Apply generously and evenly 15 minutes before sun exposure to ensure no missed areas and sufficient coverage.</p> <p>For extra sun-sensitive skin apply the product twice with a 30-minute interval to increase protection and coverage of the skin.</p> <p>For full body coverage of small children, use approximately 1 pump per kg of the child's weight. Applying less sunscreen will significantly reduce protection.</p> <p>Avoid contact with eyes. In case of contact with eyes rinse them immediately and thoroughly.</p> <p>Pay particular attention to vulnerable areas such as the ears, nose, shoulders, shins and feet.</p> <p>The general recommendation for sunscreen is to re-apply frequently to maintain protection.</p> <p>P20 Kids is designed to stay on the skin longer than average sunscreens, but if rubbed off after towel drying, contact games/sport or playing in the sand for example, then re-apply.</p>
