

CAUTION:

Never leave a burning candle unattended. Keep away from things that can catch fire. Keep away from children and pets. Use a heat resistant candleholder. Ventilate the room after use. Avoid direct inhalation of any smoke. Keep candles at least 10 cm apart. Do not burn in a draught. Trim wick to 1 cm. Never use liquid to extinguish. Do not touch, may be hot. Do not place near a heat source. Place candle upright. Snuff out the flame. Do not blow it out. Keep wax pool clear of matches and debris. Do not move a burning candle. Remove packaging before use. For best performance, burn candle for 3 to 4 hours at a time. For best performance, suggest to burn the candle at the temperature of 20-25°C. Discontinue use when 5mm of wax remains. Always burn candle in a non-flammable receptacle. Straighten wick to vertical position before first lighting.
