EUH208 :Contains linalool ; Eucalyptus oil; 2-hexyl-3-phenyl-2-propenal (trans & cis) ; 2-acetyl-1,2,3,4,5,6,7,8-octahydro-2,3,8,8-tetra-methylnaphtalene (main isomer); 3,7-dimethyl-1,6-octadi-en-3-yl acetate (= linalyl acetate) ; 3,7-dimethyl-6-octen-1-ol (= citronellol) ; 1,3-Benzodioxole-5-carboxaldehyde (= piperonal). May produce an allergic reaction.

**IMPORTANT
READ CAREFULLY BEFORE USE.KEEP FOR FUTURE REFERENCE.**

Instructions:

Remove all package before light the candle. When multiple candles burn at the same time, place the distance as shown in the instruction. Right the wick and trim it about 1cm. If candle has multiple wicks, they must all be lit every time the candle is used. Recommended to use a candle snuffer to extinguish a candle flame.

Notes:

Place the candle on a suitable holder which is placed on a flat, stable, heat-resistant surface. For the high content of fragrance in scented candles, traces of oil can be seen on the surface, which is a normal phenomenon and does not affect the use. Don't burn candles in a small confined space too long. Keep away from children and pets. Keep away from things that can catch fire (curtains, paper). Extinguish the candle when leave the room. Use candles in a windless environment to avoid smoke. Place candle upright. Keep away from heat sources and avoid direct sunlight. Discontinuing use when 1/2" (1cm) of wax remains. Please dispose of contents and packaging in accordance with local regulations. The product is not edible. If accidentally swallowed, seek medical advice immediately.

CAUTION:

Never leave a burning candle unattended. Keep away from things that can catch fire.Keep away from children and pets. Use a heat resistant candleholder. Ventilate the room after use. Avoid direct inhalation of any smoke. Keep candles at least 10 cm apart. Do not burn in a draught. Trim wick to 1 cm. Never use liquid to extinguish. Do not touch, may be hot. Do not place near a heat source. Place candle upright. Snuff out the flame. Do not blow it out. Keep wax pool clear of matches and debris. Do not move a burning candle. Remove packaging before use. Trim edge if higher than 1.5 cm. For best performance, suggest to burn the candle at the temperature of 20-25°C. Always burn candle in a non-flammable receptacle. Straighten wick to vertical position before first lighting.
