TO USE: Remove outer packaging before use. Read instructions and retain packaging for future reference. Unscrew cap and carefully remove stopper from the bottle. Do not use a sharp object when removing the stopper. Use a flat, blunt object to carefully lever the stopper out. Pour diffuser liquid slowly and carefully into the vessel. Wash hands thoroughly after handling. Immerse 5-7 reeds into the vessel. Flip the reeds over occasionally to refresh the fragrance. Fragrance can be intensified by adding further reeds if required. The liquid will evaporate over time depending on location and temperature. Handle with care to prevent spills. Do not turn reeds over on an unprotected surface and use only as directed. Do not place bottle or reeds on an unprotected surface as fragrance oil may permanently damage furniture and fabrics. Use a non-porous ceramic or glass dish to contain any accidental spillage. Wipe up any spillage immediately. Do not allow reeds to touch any surface surrounding the product. Fragrance lifespan will vary with surrounding environmental conditions. To prolong fragrance lifespan, keep away from sources of heat and avoid direct sunlight.
