**CANDLE SAFETY INFORMATION.
IMPORTANT: PLEASE READ THESE
INSTRUCTIONS CAREFULLY AND REMOVE
ALL PACKAGING BEFORE USE.**

Never leave a burning candle unattended. Burn out of reach of children and pets. Always leave at least 10cm between burning candles. Do not burn on or near anything that can catch fire. Place candle on a stable, non-flammable, heat resistant surface. Place candles in an upright position. Keep away from source of heat and position out of direct sunlight. Never use liquid to extinguish candles and do not blow out, extinguish with a suitable snuffer. Containers will get hot, never move a burning candle. Do not burn candles in a draught. Do not burn for more than 4 hours at a time. Allow to cool and check wick position.

Keep the wax pool clear of matches and other debris to avoid flaring and formation of secondary wicks.

Do not allow candles to burn to completion, ensure there is at least 1cm of wax remaining.

- Cough, gag or drool;
- Seem to have a stomach bug or virus;
- Vomit;
- Complain of pain in their stomach, chest, or throat;
- Appear tired or sluggish; and
- Lose their appetite

Since the signs aren't obvious, it's important to keep a close eye on loose, used, or spare button batteries in your home, as well as the products that contain them.

WARNING

Contains: Cinnamaldehyde, 2-Propenal, 2-methyl-3-phenyl-, Eugenol, Isoeugenol, Linalool. May cause an

allergic skin reaction. Harmful to aquatic life with long lasting effects. If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Avoid release to the environment. IF ON SKIN:

Wash with plenty of soap and water.

If skin irritation or rash occurs: Get medical advice/attention. Dispose of contents/container to approved disposal site (public waste disposal or recycling facility) in accordance with local regulations.

About this product:

Contains 2 x CR2032 batteries. Batteries must be replaced by an adult. To replace batteries, use a screwdriver to remove the screw from the battery compartment. Insert 1x CR2032 (3 volts) button cell battery. Slide the On/Off switch to the ON position to activate and slide it to the OFF position to deactivate when not in use.

Non-rechargeable batteries are not to be recharged. Do not mix old and new batteries. Batteries must be inserted correctly, observing polarity (+/-). Exhausted batteries are to be removed from the item. The supply terminals are not to be short-circuited. Remove batteries when not in use for long periods of time.

If the battery compartment does not close securely, stop using the product and keep it away from children

Store in a cool, dry place. Dispose of batteries properly in accordance with local regulations. Read instructions and retain packaging for future reference.

Product Warnings: If a battery has been ingested, or there is a possibility one might have been ingested, please seek medical attention and inform the medical authorities that you suspect battery ingestion. It's not always clear when a child has swallowed a button battery as there are no specific symptoms.

However, they might:
