<b>Instructions for safe use</b>	<p>Start by cleansing your face thoroughly to remove any makeup, dirt, or impurities. Once your skin is clean, take a toner pad and gently swipe it across your face using upward, outward motions. Avoid the eye area and be careful not to get the product in your eyes.</p> <p>Allow the toner to fully absorb into your skin before continuing with the rest of your skincare routine—this may include serums, moisturiser, or sunscreen depending on the time of day.</p> <p>Be sure to close the lid tightly after use to keep the remaining pads from drying out.</p>
