

LILY-FLAME

Important

Directions For Use

Place on a heat resistant surface.
To avoid an enlarged or smoking flame,
keep the wick trimmed to 5mm
Extinguish the candle when only 5mm (1/4")
of wax remains. Do not burn candles on or
near anything that can catch fire and away from
draughts and sources of heat (e.g. TV's radiators,
fires). Keep the wax free of any debris e.g. used
matches/wick trimmings. this candle may become
hot to touch. Do not move the candles while
alight or while the wax is molten. Always
leave at least 5cm between burning
candles. Keep burning candles out of
reach of children and pets.

NEVER LEAVE A BURNING
CANDLE UNATTENDED
