Warning and Hazard Information	
Warning Pictograms	Not Applicable
Hazard and Precautionary Statements	Start with one application daily to test if you are sensitive, if no discomfort occurs, then gradually increase. If dryness or peeling occurs, reduce application to once a day or every other day. For external use only. Ask a doctor before use if you have severe acne. When using this product skin irritation and dryness are more likely to occur when using another topical acne product at the same time. If irritation occurs, use only one product at a time. Stop use and ask a doctor if improvement is not apparent within 6-8 weeks. Keep out of reach of children. If swallowed, call a poison control centre or get medical help right away. When using this product avoid contact with eyes. If contact occurs, rinse thoroughly with water. When using this product apply only to areas with acne. Do not use on broken skin. Do not use on large areas of the skin. Stop use and ask a doctor if you develop severe irritation, burning or itching of the skin. When using this product, you may experience mild burning and pruritis (itchy skin) upon application. When using this product, avoid inhaling the powder. Ask a doctor prior to use if you are pregnant or breastfeeding.
