

# Register for guarantee

For your Everlands tree, you have the opportunity to register to receive a further 10 years guarantee. The guarantee will be processed if the registration form has been filled out within two months of purchasing date and the guarantee conditions are met.

This guarantee is a supplemental 10-year warranty (if the registration is correct). The first two years are covered by the manufacturer's guarantee. There is no need to register your tree for the manufacturer's guarantee; if you need to claim on the guarantee within the first two years, please get in touch with the retailer where you purchased the tree.

At Everlands, we aim for top-quality trees and our trees must meet very high standards. Unfortunately, it can sometimes happen that a product is damaged, or a part is missing. If that is the case, please get in touch with the retailer where you purchased the tree. Your retailer will handle your complaint.

After the two years manufacturer's guarantee you can file a complaint directly with us, please fill in the contact form.

## Warranty Terms and Conditions

1. The warranty will only be processed if the registration form on the website [www.everlands-trees.com](http://www.everlands-trees.com) has been completed within two months of the purchasing date.
2. You have a 2-year manufacturing warranty, starting on the date of purchase. The 10- year warranty extension will follow on from the 2-year manufacturing warranty. Following the successful registration of the extended warranty, you will therefore be entitled to 12 years of warranty in total, commencing on the date of purchase. During this warranty period, KSD will replace faulty product parts. If replacement of the faulty parts is not or is no longer possible, KSD will replace the faulty product with a similar product. During the warranty period, no costs will be debited for the replacement part or the replacement tree. The buyer must, however, pay for the transport costs of the replacement part or the replacement tree. The rights that the buyer is entitled to claim under the warranty will be the buyer's, irrespective of

the rights or claims he is entitled to under the law, provided the buyer is a natural entity that is not acting in the cause of a profession or running of a business.

3. KSD reserves the right to determine whether a fault shall be remedied by replacement of parts or replacement with a similar product.
4. Replacement of the tree or parts of the tree will not lead to extension of the warranty period.
5. The warranty relates to the tree and the tree base. The lighting in the pre-lit tree is excluded from the 10-year warranty extension.
6. The warranty will apply worldwide.
7. The warranty will only apply to normal household use of the Christmas tree during the Christmas period. The user manual, including its maintenance directions, must also be adhered to.
8. Damage as a result of incorrect and/or inexperienced use of the product is not covered by this warranty. Normal wear and tear to the product, such as minor loss of needles or snow, or discolouring as a result of atmospheric conditions, is not covered by this warranty.
9. The tree is suitable for domestic use only, unless explicitly stated otherwise on the packaging or in the user manual.
10. The warranty is personal and non-transferable.

### **Claiming warranty**

1. You must inform KSD in writing of the nature of the fault. You can do so by completing the form on the website [www.everlands-trees.com](http://www.everlands-trees.com). More detailed information regarding the claiming procedure is available on the website.
2. You must submit a copy of the original proof of purchase with the completed warranty claim form. Without a copy of the original proof of purchase, the warranty claim will not be processed.

*The warranty by Everlands will be limited to the provisions of these warranty terms and conditions. If you have a complaint that is not covered by these warranty terms and conditions, you must apply to the supplier of the Everlands Christmas tree.*
