This diffuser is an ideal solution to fragrance any room in your home. Simply place the reeds within the oil and arrange to form an appealing display. The reeds will absorb the fragrance oil and diffuse it into the air to fill your room with a delicate aroma. For more intense fragrance or to refresh the scent, remove the reeds from the oil, turn and reinsert into the glass with the oil soaked ends now in the air.

For optimum levels of fragrance, remember to turn your reeds once a week.

To use: Do not use a sharp object when removing the stopper from the bottle. Use a flat, blunt object to carefully lever the stopper out. Handle with care to prevent spills. Do not turn reeds over on an unprotected surface and use only as directed.

Do not place bottle or reeds on an unprotected surface as fragrance oil may permanently damage furniture and fabrics. Use a non-porous ceramic or glass dish to contain any accidental spillage. Wipe up any spillage immediately. Do not allow the reeds to touch any surface or fabrics surrounding the product.

Fragrance lifespan will vary with surrounding environmental conditions.

To prolong fragrance lifespan keep away from sources of heat and avoid direct sunlight.

Batteries required: 3 x AAA batteries, not included.

This product is battery operated with the battery compartment located on the underside of the candle. After insertion of the batteries, the product can be activated via the On/Off switch positioned on the underside of the candle.

Battery warning: Insertion, removal and disposal of batteries should be done under adult supervision. For best performance use only the batteries recommended. Ensure the batteries are inserted with the correct polarity. Do not mix different types of battery. Do not mix new and used batteries. Remove batteries when item is not in use. Remove exhausted batteries and dispose of them in accordance with manufacturer's recommendations. Do not dispose of batteries in domestic waste. Your local authority has made special arrangements for the disposal of used batteries; contact them for further details. Do not attempt to recharge non-rechargeable batteries. Remove rechargeable batteries from the product before recharging. The supply terminals are not to be short-circuited. Do not place in a warm position such as direct sunlight or on a television top.
