This diffuser is an ideal solution to fragrance any room in your home. Simply place the reeds within the
oil and arrange to form an appealing display. The reeds will absorb the fragrance oil and diffuse it into
the air to fill your room with a delicate aroma. For more intense fragrance or to refresh the scent,
remove the reeds from the oil, turn and reinsert into the glass with the oil soaked ends now in the air.
For optimum levels of fragrance, remember to turn your reeds once a week.

To use: Do not use a sharp object when removing the stopper from the bottle. Use a flat, blunt
object to carefully lever the stopper out. Handle with care to prevent spills. Do not turn reeds over
on an unprotected surface and use only as directed.
