PRODUCT NAME

Glow on-the-go

INSTRUCTIONS FOR SAFE USE

PLSM: Massage into skin all over the body. Wash hands after use. PCNS: Apply generously to neck and cleavage. Every breast is different so use this time to get to know yours, including your armpit area and up to the collarbone. Monitor any changes to size, shape and consistency – this can be done in front of a mirror. Your breasts feel different at different times of the month and will change again after menopause, so it is important to know what normal looks and feels like for you. If you have concerns about your breast health do not hesitate to consult your doctor/physician. PBVCG: Massage all over the body, focusing on areas in need of attention. For best results, use for 28 days
